Chapter 8: Blue in Britain: Redefining the Masters

Important Terms & Names

1) What early British folk-country-blues musical style copied elements of American music and was the springboard for many '60s British rock bands?

2) Why did the early British blues bands think that their success in America would be limited?

3) How did the arrival of British bands like the Rolling Stones and others create a rediscovery of American blues?

4) What impact did Chicago blues have on the rock 'n' roll in the late '60s?
